

FOALING SERVICE

Peterson & Smith Equine Reproduction Center

Peterson & Smith Advanced Fertility Center will foal out your pregnant mare and provide routine care for the newborn foal for \$425.00 plus board. Mares will be accepted with potential foaling dates from January 1st through July 30th 2022.

Services Included:

- 24-hour monitoring
- **Veterinarian attending each foaling**
- Large indoor foaling stalls
- Milk calcium screening to predict impending foaling
- Enema administered to newborn foal to decrease risk of meconium impaction
- Newborn foal and postpartum mare examinations

Additional Services Available (at additional cost):

- Supplemental colostrum, or plasma therapy if needed
- CBC on neonate
- IgG level to measure foal's colostral antibody transfer
- Veterinary services for non-routine events (i.e. dystocia, retained placenta, etc.)
